

FIS PRE LOADED ECONOMY 4 PANEL WALL MOUNT ENCLOSURE

F1-EW2X

FEATURES

- Splicing and Patching Capability
- Loaded with (4) LGX Adapter Plates
- Holds (2) 24 Strand Splice Trays
- Integrated Cable Management Rings
- Hinged Outer Door, Internal Lockable Door
- Top and Bottom Entry Holes with Dust Proof Grommets
- Rugged 14 Gauge Aluminum, Black

The preloaded FIS Economy Wall Mount Patch provides a plug and play application which will reduce installation time in the field. Each enclosure will come preloaded with adapter plates, splice trays and or pigtails. It features a cable spool, bridge stances and a mounting stud and nut to secure splice trays. The lockable inner door provides safe storage of incoming cable while allowing the technician to manipulate outgoing fiber patches. The outer door is removable and lockable with a padlock (sold separately).
