

FIS TITAN MINI WALL MOUNT ENCLOSURE

FEATURES

- Customizable
- NEMA Rated
- Accepts LGX Adapter Plates
- Lockable
- Removable Master Panel

The FIS Titan Mini is an industrial-style wall mount with a NEMA 4 rating for ISP or OSP environments. It accommodates (4) LGX adapter panels, includes a cable spool, bridge stances, and a mounting stud and nut for splice trays. Unlike the full-size Titan wall mount, the Mini is not customizable.
