

Part #: F1-9778

Maximize productivity with the FIS MPO/MTP Cure Oven. Designed to cure up to 24 MTP ferrules at one time. The MPO/MTP Oven's temperature control is adjustable between 50° and 150°C to work with the cure schedules of all the popular brands of epoxies. The FIS MPO/MTP Curing Oven also features a built in timer for convenience. Like the rest of our family of connector cure ovens, this MPO/MTP Cure Oven is designed to be simple, durable and easy to use.
