

Part #: F1-8731

Part #: F1-8730

FEATURES

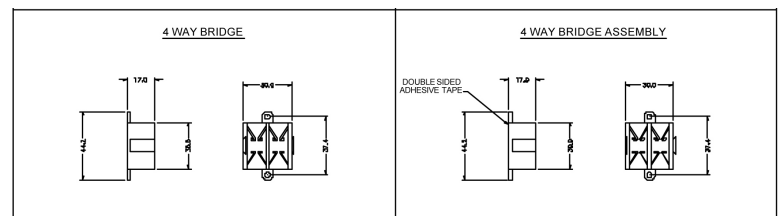

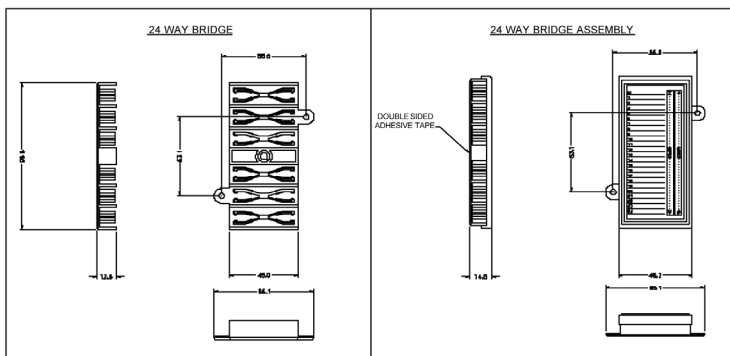

- 4 and 24 Way Splice Bridges
- Low Cost, Versatile, Compact
- Screw In or Self Adhesive Backing
- Durable ABS Plastic Design
- Integrated Designation Label and Lid (24 Way Bridge Only)

The FIS Splice Bridges are available in two basic designs. The 24 way splice bridge will accept up to 24 fusion splices or 12 mechanical splices, and includes a protective lid with a designation label. The 4 way splice bridge will accept 4 fusion splices or 4 mechanical splices, and is compatible with the FIS 4 Port Wall Mount (F1-WM4PW). Each splice bridge can be secured using either the self adhesive backing or M3 screw-in holes. These units are used in a variety of fiber termination panels, from ODFs to building flexibility points and splice enclosures.
